Overall View

Race nine Thursday afternoon at Gulfstream Park is an allowance sprint race on the main track. This is a six horse field and a good betting race. Paco Lopez should get to the lead on his mount of How Sweep It Is. How Sweep It Is is going out for trainer Saffie Joseph who is winning twenty six percent of his races at the meet. Last time out the horse won a state bred optional claimer at Gulfstream Park and won from off the pace. The horse has ran well on the front end earlier in the career. Gioielli is the other speed in the race. John Velazquez will be in the irons of the second choice on the ML for Todd Pletcher. Last time out, Gioielli ran a 72 Beyer and ran third by two lengths. The horse almost went wire to wire and will look to do the same this afternoon. Other horses in the race should go to the lead which could set the race up for horses like How Sweep It Is and the ML favorite, Flora Fantasy.
