## Use the PPN as an Impact Number

- PPN's are based on the more recent races, we use our own *SPEED FIGS* and our own methodologies.
- First Time Starters are in no particular order, other than their STAR status. 4.5 Furlong races are NOT rated!
- We list a max. of 12 horses in a race, **Highest Rated** and STAR horses first
- "V" – Value Add-in horse An Alert. This long-shot might get in the exotic or even win! just an opinion from Jerry J!
- \* – STAR Horses... The STAR is assigned when form cycles suggest additional upside potential. Determined from our Speed Figures.

**LEGEND** \* = Top Form (Highest Potential) (1) =Front Runner (m) = mudder  
 Ship = Shipper (2) = Very fast Presser (p) =potential on off track  
 N\_R = Not Rateable ....= First Time Starter CAPS to emphasize

The **Power Page** offers a professional grading for each horse. The *projected power number* should hit approximately 33 % of the time. Horses who are assigned an (\*) have the best chance to exceed their designated number. This handicapping aid is generated by the experience from using and studies of *Jerry J's Performance Pages*.
